

THINK PICKING UP DOG POOP IS UNPLEASEANT? TRY DRINKING IT!

1.
Pet waste contributes
20-30% of fecal
coliforms in America's
waters!

2.
Each dog produces
between 1/3 and 3/4
pound of excrement
every day!

3.
Dog poop can
transmit disease
to other dogs and
humans!

4.
Pet Waste washes
into our storm
drains and pollutes
our streams!

DOO THE RIGHT THING!

PICKING UP AFTER YOUR PET IS EASY! WHEN WALKING YOUR PET, JUST MAKE SURE TO BRING A BAG, CLEAN UP THE WASTE, AND THEN DISPOSE OF IT IN A TRASH RECEPTACLE.

SOME PARKS PROVIDE PET WASTE STATIONS WHICH CONTAIN BAGS AND A PLACE TO DISPOSE OF THE BAGGED WASTE.

AT YOUR OWN HOME, MAKE SURE TO CLEAN UP AFTER YOUR PET. YOU CAN SET A SCHEDULE - SUCH AS ONCE A DAY OR ONCE EVERY OTHER DAY. JUST MAKE SURE YOU DEFINITELY CLEAN UP BEFORE A BIG RAIN!
