

DOO THE RIGHT THING!

PICKING UP AFTER YOUR PET IS EASY! WHEN WALKING YOUR PET, JUST MAKE SURE TO BRING A BAG, CLEAN UP THE WASTE, AND THEN DISPOSE OF IT IN A TRASH RECEPTACLE.

SOME PARKS PROVIDE PET WASTE STATIONS WHICH CONTAIN BAGS AND A PLACE TO DISPOSE OF THE BAGGED WASTE.

AT YOUR OWN HOME, MAKE SURE TO CLEAN UP AFTER YOUR PET. YOU CAN SET A SCHEDULE - SUCH AS ONCE A DAY OR ONCE EVERY OTHER DAY. JUST MAKE SURE YOU DEFINITELY CLEAN UP BEFORE A BIG RAIN!

THINK PICKING UP DOG POOP IS UNPLEASANT? TRY DRINKING IT!

1. Pet waste contributes 20-30% of fecal coliforms in America's waters!

2. Each dog produces between 1/3 and 3/4 pounds of excrement every day!

3. Dog poop can transmit disease to other dogs and humans!

4. Pet Waste washes into our storm drain and pollutes our streams!

The Districts of Grand Lakes
